Government Transfers—April 2002 Report 215

Other Suppliers—April 2002 Report 253

There has been no change in the reporting of Ministers' travel which is reported on the accrual basis. It is expected that this would give readers a current status of the Ministers' travel claims. Amounts or portions of the travel amounts shown on this schedule may appear in the Other Suppliers—April 2002 Report.

Deputy Ministers' travel is reported on the cash basis as is the rest of the OIC Employees, Employees, Other Suppliers and Government Transfers payments. Amounts appearing in the Other Suppliers—April 2002 Report may be payments for travel that occurred during fiscal year 2001/02.

The Government Transfers schedule reports invoices posted to the corporate accounting system April 1, 2001 to March 31, 2002, by ministry. Some of the entries shown against ministries are credits. These represent recoveries received by ministries.

The April 2002 Reports reflect invoices posted to the corporate accounting system in the month of April 2002. The invoices posted may relate to fiscal year 2001/02 or 2002/03. Most of the suppliers showing in the Reports relate to transactions that were accrued in fiscal year 2001/02. The expense for these payments is included in the financial statements for the appropriate year; however, the payment schedules have been changed to reflect the actual invoices posted to the corporate accounting system between April 1 and March 31 of any year.

[1] Starting in fiscal year 2001/02, a change has been made to the Detailed Schedules of Payments. In the past, accruals and non–cash transactions and posted invoices were reported in these schedules. This year the schedules have been changed to report only invoices posted to the corporate accounting system between April 1, 2001 and March 31, 2002. The change in presentation should make the schedules more relevant to the user. New April 2002 Reports are included after the regular schedules to report all invoices posted to the corporate accounting system for the month of April 2002. These April 2002 Reports include invoices which could relate to either fiscal year 2001/02 or 2002/03. The expense for the invoice will be reported in the appropriate year; however, the payment information will appear in the fiscal year 2002/03 report.

[2] Includes $2,203,880 thousand of "Salaries and Benefits" and $2,358 thousand of "Other Expenses."
